The present amendment is submitted under the provisions of 37 CFR 1.312.

The changes effected by the present amendment are directed to the agreed upon changes to the drawings which are set forth in the Examiner's Amendment dated June 15, 2009.

In particular, regarding Figs. 8b and 11b, Applicants note that the spring has been modified in these drawings so as not to appear as being embedded in the pin 6. Regarding Fig. 11c, Applicants note that the solid black shading therein has been replaced with appropriate hatching.

Regarding Figs. 2b, 2c, 3b, 3c, 4b, 4c, 4d, 6b, 6c, 7b, 7c, 8b, 8c, 9b, 9c, 10b, 10c, 11b and 11c, Applicants note that each instance of "A-A", "B-B", "D-D", "F-F", "G-G", "H-H", "I-I", "J-J", and "Ansicht X" has been deleted. Regarding Figs. 3b, 3c, 6b and 6c, Applicants note that the location of the pin portion 4 has been modified such that the pin portion does not overlap component 10.

Applicants respectfully submit that the above-noted modifications address all of the agreed upon changes to the drawings. Accordingly, Applicants submit that entry of the present amendment clearly is warranted, and such entry is requested. If for any reason the Examiner does not believe that this amendment should be entered, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.
